

One Smile

múm

One smile, one smile
One smile, one smile, one smile
One smile, one smile
One smile, one smile, one smile

One smile
One smile
One smile

One smile
One smile
One smile
One smile
For the two of us
In arms to fit
The dark blue eyes
Swimming free
Respond too fast
I give my eyes
For just one smile

One smile
One smile
One smile

One smile
One smile
