

Sing Along

múm

Sing along to songs you don't know
And you'll never know until you sing along

Sing along to songs you don't know
And you'll never know until you sing along

You are so beautiful to us
We want to lock you in our house
So beautiful

You are so beautiful to us
We want to keep you as our pets
So beautiful

You are so beautiful to us
We want to lock you in our house
We want to feed you with our spoon
We want to make you sing along

Sing along to songs you don't know
And you'll never know until you sing along

You are so beautiful to us
We want to lock you in our house
So beautiful

You are so beautiful to us
We want to keep you as our pets
So beautiful

Sing along to songs you don't know
Sing along, sing along
You'll never know what could have been
If you don't sing along

Sing along to songs you don't know
Sing along, sing along
You'll never know what could have been
If you don't sing along
