

Substitute creature

Municipal Waste

At Municipal High today
1000 kids were slaughtered in a disgusting way
And they were students with severed heads
And mutilated limbs
The ones who made it out alive were covered in slime!
She's the one who killed the kids --- all she wanted was a fix
Not a human not a teacher --- she's a substitute creature!
Everyone ran in panic as she followed them the police were useless
...they were scared as shit
Gaining and gaining she kept getting closer
Trashed all the kids cars and stole a bulldozer
The fucking creature can't be stopped
Already butchered all the cops
It's a slimy schoolyard slaughter
Wait till you see the creature's daughter
She's the one who killed the kids --- all she wanted was a fix
Not a human not a teacher --- she's a substitute creature!
Strange things are afoot at Municipal High, man!
SUBSTITUTE CREATURE!
And she's always on your ass
SUBSTITUTE CREATURE
And she's fucking gaining fast!
She's the SUBSTITUTE CREATURE
And she's gonna fucking eat you!
