

# The Monster With 21 Faces

## Municipal Waste

Dear officers,  
Don't tell a lie  
You know it will just lead to more crimes  
You're at a loss  
In need of clues  
We will punish whomever we choose

We torture companies by spreading  
Fear to mothers of the nation  
Plotting war against your faceless  
Business with no emotion  
We gain pride through cyanide and many toxins

Taunting the media whore  
You fear a man with fox eyes  
No one can see what lies next  
Nobody knows who will die  
We laugh at untimely death  
Poison to so many places  
Businessmen brought to their knees  
The monster with 21 faces

Dear officer,  
Don't tell a lie  
You know it will just lead to more crimes  
You're at a loss  
In need of clues  
We will punish whomever we choose
