Thank God, thinkin', livin', they funny
Livin' close, yeah and countin' these hundreds, oh shit

I'ma cop me a wheel and I ghost it
Black and white, it's the panda, the ghost is
Give a toast to the Grammy's, I go shit
All night with the bag
All night with the swag
All night with the bag

They say I go, got it, I go, get
I'm on top of the world on my ball shit
In the party, get it started, get retarded
Baby what's your favorite color Aston Martin?
Gotta hit on the gas just to get it started
Gotta kick on the gas just to get it started
Hear the 'Rari, hear it mumble, hear it roar
Say that she hate monsters
Engine started, she hate monsters
Engine farted, she hate monsters
Get retarded, I've been chillin'
I drink out and go to Beamers
Lord I need it, Lord I need it, Lord I need it
Got them mad 'cause I drill and they all defeated
I be ridin', keep sayin', "Lord, 'cause I need it"
Lord I need it, Lord I need it, Lord I need it
'Cause he help me come back from all my demons

This goes for all around the world (grrrrrah)
'Til the world is gone
This goes all around the world (grrrrrah)
So we carry on

This goes for all around the world (grrrrrah)
'Til the world is gone
This goes all around the world (grrrrrah)
So we carry on
