## **Miss You**

(Chorus) Do you wanna talk Do you wanna drink Do you wanna sing Or maybe we'll just dance I could hold your hand Or just stare at your face I wanna be loved, be loved, be loved be loved by you (Hook) Maybe we should go somewhere (3x) Let's get out of here Maybe we should go somewhere (3x) Let's get out of here Cuz I miss you that's the truth I miss you What do I do(2x)(Chorus 2) It's too early you know that I'm awake It's just how I live quietly (well maybe) By myself I'm asking why Why didn't I give the girl a bigger Piece of my heart My Heart (I miss you) (Bridge) Do you wanna go somewhere(5x) Cuz I miss you That's the truth Cuz I miss you(2x) What do I do Can We(Shouting echo) Can we rewind for the night (repeated) (I miss you) (Ending) Can we rewind for the night

We keep looking but never find
