Death Valley Superstars

Murderdolls

You say, you say
you want violence baby
you say, you say
you want murder, murder
you say, you say you want chaos baby
well I'm your motherfucker

I sing a song for the dead
a ticking time bomb ready to blow
I'm giving bloody noses
and my middle finger to the status quo
put your faith in a bullet
in the head of someone you know
you don't need luck
when you don't give a fuck

Alright

You say, you say
you want destruction baby
you want it dirty and vulgar, vulgar
you say, you say
you want death now baby
well I'm your motherfucker

I sing a song for the dead
a ticking time bomb ready to blow
I'm giving bloody noses
and my middle finger to the status quo
put your faith in a bullet
in the head of someone you know
you don't need luck
when you don't give a fuck

You say you want a revolution
well you don't have to look that far
we're the motherfuckers
of the apocalypse
