

Motherfucker, I Don't Care

Murderdolls

I hate your voice and I hate your face
Exterminate you from the human race
Life's a joke and the joke is on you
Hey you, it's true, you suck, fuck you

I hope and pray every day
I'll get the news that you passed away
So take your life and turn it off
Goodbye, so long, get lost, fuck off

R: I don't care, motherfucker I don't care
I don't care motherfucker

Suicides the only choice for you
To see you dead would be a dream come true
Slit your wrist and show God who's boss
Goodbye, so long, get lost, fuck off

Why don't you do the whole world a favor
Connect your throat to the nearest razor
Or do you need it spelled out for you
Well F.U.C.K.Y.O.U.

R:

Motherfucker I don't care
Motherfucker I don't care
