

# She Was a Teenage Zombie

**Murderdolls**

Don't know what I'm feeling or what I should say  
On how my life changed  
The day I stumbled on her grave  
Not a necrophilliac, I guess I was bored  
I just love to spend my  
Time with a fresh embalmed corpse  
Of course

She was a teenage zombie  
She was a teenage corpse  
She was a teenage zombie  
Drop dead gorgeous that's for sure

I took her to the movies  
And I took her to the park  
I took her in the back-seat  
And that's where she stole my heart  
And then I walked her home  
From our postmortem date  
She took me by the hand and we danced upon her grave

She was a teenage zombie  
She was a teenage corpse  
She was a teenage zombie  
Drop dead gorgeous that's for sure.  
She was a teenage zombie  
She was a teenage corpse  
She was a teenage zombie  
Drop dead gorgeous that's for sure.
