

## Welcome to the Strange

**Murderdolls**

Nowhere

No place I'd rather be

I'm my own sideshow

I can feel the misery

I lived my whole damn life in color

My future's so black and white

I got a nonstop ticket

No destination in sight

So step right up for the ride of your life!

The line starts here in the back of my mind

I ride into the super sci-fi

My star's are fallin'

Down down down

To the Earth tonight

Well you can rearrange the strange and deranged

The sign up ahead says...

Welcome To The Strange!

Nowhere

No place I'd rather be

Well I'm a self-made monster, my own

Worst enemy
