

You're So Tasty

Murray Head

Ooh, my sweet baby
You are so very tasty
Let us have another
Drink with each other, baby

Who needs the words to say it
If we speak we'll only waste it
Touch for touch we'll soon discover
Weave together, breathe each other

Fusing our minds and our bodies and our souls
Let's make a day of it last, let's make a day of it last, until
we're one
