

You niggas sick but it's not the measles  
You slanging rock hard at a flock of seagulls  
When this shit drop it gonn shot the people  
Like barac hit the block letting off the eagle  
I even had that white boy, ben stiller  
Chinese mix, call it chinchilla  
Quick to drop the shit nigga didn't feel ya  
And rap shit don't phase me,...  
Sear to god I never needed a rap manual  
All I need it was mary jane and some jack daniels  
On my mama I always been a rap...  
Smack a whack nigga to death with an axe handle  
While you sitting around lolly gagging  
I'm rolling chronic out the bag put the bally shagging  
Man these niggas out here hardly rapping  
I come through, impress the mike  
And the... fashion  
So, necessary that you respect a don  
Especially if he on another echelon  
I come through with nothing but the fresher songs  
Where... track like I catch a song  
Now the avenue never cut us on  
You niggas is cosmetic it's...  
I would get broke... I stole it from the rich kids  
That's why we couldn't get along

West coast originator, never been an imitator  
Full blown acetone, microphone disintegrator  
Ah, I get ignorant in the midst of danger  
Inventive... innervator  
Where I'm from, we don't school or chop shit  
They come through wearing red and blue while we pop clips  
And I get higher than a cock pit  
Let the chop' spit hollow tips out his top lit  
This is the sound of an underground renegade  
Who wears a crown and he's down to get any fame  
... you ain't balling go get a bigger chain  
Smooth criminal, hit a nigga through his window pain  
And I was put here, to put fear and sus niggas  
Nobody shook here, we don't give a fuck nigga  
Yeah, drug dealers, slot pillars, mention it to my mob nigga  
Fuck twitter  
Gang bang it's thug niggas nurse to the kids  
All respect the way I put these words to the beat  
In other words he's a beast, every verse he completes  
Bad bitches, actresses, even birds give him beats  
And the music that make help the kids in the ghetto grow  
Fighting for they freedom so they stay about the federal  
Ah, the names and... somebody let them know  
It's the perpetual flow, so I'll forever glow  
... niggas straight about the fc  
Catch them with the baddest bitch, burning up the best trees  
Or prolly on some jet skis, I hustle collect g's  
Last time you seen a check, was on your sp's  
Yeah, respect over everything  
Murs and Fashawn, bet you never seen a better team
