

# City of Delusion

Muse

Stay away from me  
Build a fortress  
And shield your beliefs  
Touch the divine  
As we fall in line

Can I believe  
When I don't trust  
All your theories  
Turn to dust  
I choose to hide  
From the all seeing eye

Destroy this City of Delusion  
Break these walls down  
I will avenge  
Justify my reasons  
With your blood

You'll not rest  
Settle for less  
Until you guzzle  
And squander what's left  
Do not deny  
That you live and let die

Destroy this City of Delusion  
Break these walls down  
I will avenge  
Justify my reasons  
With your blood

Destroy this City of Delusion  
Break these walls down  
I will avenge  
Justify my reasons  
With your blood
