

# Falling Away with You

Muse

I can't remember when it was good  
moments of happiness elude  
maybe I just misunderstood

all of the love we left behind  
watching the flash backs intertwine  
memories I will never find

so I'll love whatever you become  
and forget the reckless things we've done  
I think our lives have just begun  
I think our lives have just begun

and I'll feel my world crumbling  
I'll feel my life crumbling  
I'll feel my soul crumbling away  
and falling away  
falling away with you

staying awake to chase a dream  
tasting the air you're breathing in  
I know I won't forget a thing

promise to hold you close and pray  
watching the fantasies decay  
nothing will ever stay the same

all of the love we threw away  
all of the hopes we cherished fade  
making the same mistakes again  
making the same mistakes again

I can feel my world crumbling  
I can feel my life crumbling  
I can feel my soul crumbling away  
and falling away  
falling away with you

all of the love we've left behind  
watching the flash backs intertwine  
memories I will never find  
memories I will never find
