

# Get Up and Fight

Muse

What we have's the only thing worth fighting for  
And I, I won't let nothing keep us apart  
Through these fallouts there is  
A truth and pain but through it all  
You will always have my heart

I see a change on the horizon  
Reasons to be frightened  
I know that we can pull through  
I am here to tell you

Get up and fight  
Get up and fight  
I can't do this thing without you  
I'm lost in this without you  
Get up and fight  
We've gotta get up and fight  
I can't handle this without you  
Can't do it without you

In our heads, a million voices scream and shout  
And no one will ever hear a sound  
Oh, only you can hush it  
And calm the turmoil and the noise  
And help me reach the higher ground

I see a change on the horizon  
Reasons to be frightened  
There's nothing we can't get through  
I am here to tell you

To get up and fight  
Get up and fight  
I can't do this thing without you  
I'm lost in this without you  
Get up and fight  
We've gotta get up and fight  
I can't handle this without you  
Can't do it without you

Get up and fight  
Get up and fight  
I can't do it without you

Get up and fight  
Get up and fight  
I can't do this thing without you  
I'm lost in this without you  
Get up and fight  
We've gotta get up and fight  
I can't handle this without you  
Can't do it without you

I can't survive without your love in my life  
You've gotta get up and fight
