

## Map Of Your Head

Muse

I'm sick of feeling my soul  
some people who'll never know  
just how purposely and empty they've grown  
because their language confuses  
like computers refuse to understand  
how I'm feeling today

I'm freezing and losing my way  
I don't need another map of your head  
I'm freezing and losing my way  
I don't need another map of your head

Whhhooooahhhh oohhhh

Then it just all goes the same like above

I saw a liquid controlled  
that gives life to a soul  
I hit my head on it  
and woke up to know  
that I was all alone  
wearing just socks and a phone  
someone's screaming  
like their world might explode

Yeah I'm freezing and losing my way  
I don't need another map of your head  
I'm freezing and losing my way  
I don't want another map of your head  
whoaaaaaaaaahhhh

I'm freezing and losing my way  
I don't need another map of your head  
I'm freezing and losing my way  
I don't want another map of your head  
yeah
