How did we get in so much trouble?

Getting out just seems impossible

Oppression is persisting

I can't fight this brain conditioning

Our freedom's just a loan

Run by machines and drones

They've got us locked into their sights

Soon, they'll control what's left inside

Don't try to hide it

Don't tell me it's not there

You've got strength, you've got soul You've felt pain, you've felt love You can grow, you can grow
You can make this world what you want You can revolt
You can revolt.

Can you hear a distant thunder?
Taste earth's blood and hunger
We live in a toxic jungle
Truth is suppressed to mumbles
They'll take away our homes
They're just machines and drones
Don't try to fight it
Don't tell me you can't see

You've got strength, you've got soul You've felt pain, you've felt love You can grow, you can grow You can make this world what you want You can revolt You can revolt.

I can feel your pain
I can feel your confusion
I can see you're trapped in a maze
Let's find a way to escape

You're got strength, you've got soul You're not afraid, you're not a drone You can grow, you can grow
You can make this world what you want You can revolt
You can revolt.
