

This means nothing to me
'Cause you are nothing to me
And it means nothing to me
That you blew this away

'Cause you could have been number one
If you only found the time
And you could have ruled the whole world
If you had the chance

You could have been number one
And you could have ruled the whole world
And we could have had so much fun
But you blew it away

You're still nothing to me
And this is nothing to me
And you don't know what you've done
But I'll give you a clue

You could have been number one
If you only had the chance
And you could have ruled the whole world
If you had the time

You could have been number one
And you could have ruled the whole world
And we could have had so much fun
But you blew it away

You could have been number one
And you could have ruled the whole world
And we could have had so much fun
But you blew it away
