

Amazed

Mushmellow

I'm runing out of life
Without any reason
I lost I need a sign
I feel like I'm in preason
I've try to reach the stars
But they to far away
I'm looking through the glass
You left me many scars

But way to far
I'm so alone
Way to far
You left me alone

When my ride is over
My friends so hollow
What you did amazed me
You took my life in one hour

I'm so in love with you
I did my heart quid open
You only laught at me
You sayed it's not your problem
I've try to reach the stars
But they to far away
Yeah
I'm looking through the glass
You left me many scars

But way to far
I'm so alone
Way to far
You left me alone

When my ride is over
My friends so hollow
What you did amazed me
You took my life in one hour
