

## Falling

Mushmellow

Just take my hand, take my breath  
U never let me go again  
Hold me tight, hold me straight  
Wish I always feel the same  
Love myself, it's in the past  
Can't see anything but U  
Look around, be my guest  
Be my guest inside of me

I'm falling deep in your heart  
me, I'm falling down

Never let me go, never let me fall  
Everytime u're gone I lose control  
See me on my knees, see me beterly breathe  
Never wanna have this misery

Yeah Let them talk while we walk  
Let them whisper any shit  
Let them talk, smash the clock  
Hold me tight and hold me streight

I'm falling deep in your heart  
Streight I'm falling down

Never let me go, never let me fall  
Everytime u're gone I lose control  
See me on my knees, see me beterly breathe  
Never wanna have this misery
