

Fire

Mushmellow

Fine
I think that you can go
But please don't through
My life
And there is no sound at all
Big black hole and that's all
My life was nothing, but terrible fire
Run away
Escape from my horroble lieing
Say
This is what I have to do
Do
This is what I have to do
Do
This is what I have to do

You are really not my type
Well that's all right for me
There is no sound at all
Big black hole and thats all

My life was nothing, but terrible fire
Run away
Escape from my horroble lieing
Say
This is what I have to do
Do
This is what I have to do
Do
This is what I have to do
