

For You

Mushmellow

I remember everything
All those little things you have
Pretty smile that I miss
Since the day when you were here

And everything I say
Every song I wrote for you
Every single tear I've cried
Swear of God is all for you

I remember everything
Now your pictures on my wall
Silly smile on my wall
Really helps to live again

And everything I say
Every song I wrote for you
Every single tear I've cried
Swear of God is all for you

Every single tear I cried
Every song I've wrote for you
Everything I said is true

And everything I say
Every song I wrote for you
Every single tear I've cried
Swear of God is all for you
