

# Hollow Memories

Mushmellow

Seems to be real  
And she got everything I need  
So close to my skin  
And I can feel her dead lips  
Moon on my side  
It feels like all my dream came true  
Hard to be kind  
I know its neverending

I'm living with memories  
I'm out of my mind  
With my hollow memories  
I'm out of my mind

Why can I still remember  
it's on top of my broken  
Trust.Can I still remember  
Every day of my useless  
Past

Too good to be real  
Or maby I'm just dreaming a little  
She wants to be free  
If I could only help her  
Dark hounting me  
It feels like all my dream came true  
You'll never be free  
I know it's neverending

I'm living with memories  
I'm out of my mind  
With my hollow memories  
I'm out of my mind

Why can I still remember  
it's on top of my broken  
Trust.Can I still remember  
Every day of my useless  
Past
