

# Without You

Mushmellow

Seems you've been gone  
I feel so alone  
Staring for hours at my phone

Have nothing to say  
At least I can play  
New worries is coming day by day

Dead love in my heands  
And even my friends  
Saying that I was wrong

And I  
I can't live without you  
I'm going to find you anyway

How long it will take  
I made a mistake  
And now it's so hard to find myself

I killed all I had  
Hey isn't that sad  
To lost everything you've ever had

Dead love in my heands  
And even my friends  
Saying that I was wrong

And I  
I can't live without you  
I'm going to find you anyway
