

## Burn

Mushroomhead

Take back prone to distract  
Its never been the same  
Wheres your feedback  
You want to break me  
Are you dead now  
But if you want to see it  
Ill take you down  
Burn and bleed and refill the cage  
Walk the weary wasting away  
When i lost my dignity  
I closed my eyes  
To keep my sanity  
Need me want to bleed me  
You try to break me down  
But you cant convince me  
I hate your life away but i can feel the pain  
Choke the beast not be the prey  
For another day  
Take off the edge  
Replace with disgrace  
Youve never something rotting in place  
Hating and breaking  
While leading the way  
Our steps all grow closer  
For we are the prey  
The wolves will all gather  
As we come around  
Now ring the bell were going down  
Bring all sides in
