

Just A Minute

Mustard Plug

Just a minute at a time,
Will you ever see it my way? See it my way.
Till we can see eye to eye,
Will you ever take it all away? Take it all away.

I can't fake it, (I can't fake it.)
And you won't try. (You won't try.)
I can't leave until you find...

That we fall behind,
There's too much, I can't keep in touch
And that's why I still mind,
That we all should find
Another chance to really look
And leave this all behind, all behind.

Another time, another line,
Take it back until you find a way. 'Til you find a way.
That we need to recognise
Find a way now, how to realise why we need to try.

I can't fake it, (I can't fake it.)
And you won't try. (You won't try.)
I can't leave until you find...

That we fall behind,
There's too much, I can't keep in touch
And that's why I still mind,
That we all should find
Another chance to really look
And leave this all behind, all behind.

I can't fake it, (I can't fake it.)
And you won't try. (You won't try.)
I can't leave until you find...

That we fall behind,
There's too much, I can't keep in touch
And that's why I still mind,
That we all should find
Another chance to really look
And leave this all behind, all behind.
