

On And On

Mustard Plug

By now you think it's over
Countdown it's getting colder
Come on, tell me it's over
It goes on and on and on and on again

Tell me everything this time
I'll tell you everything is fine
Give me something I already know

Heard you had too much inside
and you won't let me ask you why
Come on let me tell you all we know

By now you think it's over
Countdown it's getting colder
Come on tell me it's over
It goes on and on and on and on again

Someone tell me that I'm right
Tell me it's too late tonight
Tell me that I have a ways to go

I can see it in your eyes
I don't want the next surprise
Come on let me tell you all we know

By now you think it's over
Countdown it's getting colder
Come on tell me it's over
It goes on and on and on and on again

By now you think it's over
Countdown it's getting colder
Come on tell me it's over
It goes on and on and on and on again

By now you think it's over
(It goes on and on again)
Countdown it's getting colder
(It goes on and on again)
Come on tell me it's over
(It goes on and on again)
Countdown, countdown come on
(It goes on and on again)
