

## Accident Blackspot

Mustasch

You say you are so clever  
You beleive that you are bright  
Go get yourself together  
To the life that you never had  
You're satisfied by nothing  
It can't just be that bad

You'd better find a solution  
Or it will never stop  
Why don't you find a solution  
You'd better leave that black spot

Good guys dwells in heaven  
Bad boys go to hell  
You feel you're on the level  
The moment you are dead  
Why don't you listen to me  
This is what I say

You'd better find a solution...

This is not a love song  
It's a song about fear  
If you need a love song  
You won't find it here

You'd better find a solution...
