

Destroyed By Destruction

Mustasch

Megalomaniacs of the world
Listen to me now
You wonder why you have to bow
Your superior has arrived

Fame and fortune walks with me
Prosperity I've gained
Do you want to mess with me
Please pronounce my name

I'm destruction
I destroy
It's but a fraction
Of what to come

Talent, joy, humility
Reigns within my state
Do you want to live in fear
Feed me with your hate

I'm destruction...

You people of complacency
Now it's time to die
Wonder why you have to bow
Your superior has arrived

Slave, I'm your master
Kneel before my hands
Listen to my word that's spoken
Obey my laws or you'll be broken

I'm destruction
I destroy
I'm destruction
You are destroyed
