

Falling Down

Mustasch

The higher the flight
The harder the Falling Down

I'm down to earth but could go higher
Though I'm pretty safe here in my tree
I really like to try go flying
But I know I'll fall like tumbling leaves

The higher the flight
The harder the Falling Down
The deeper the dive
The bigger the chance you'll drown

I was raised to choke on my desire
Sometimes I felt unable just to breath
So I learned to be a fighter
Now I'm ready for that giant leap

The higher the flight...
