

I Don't Hate You

Mustasch

I'm on the road alone again
Riding the healing winds of change
I don't love you anymore
I'm surprised that I can breathe
After nursing all of your needs
I don't hate you anymore

I'm not your dog
Though I bite the bone
I'm tired of being in love and I'm scared of being alone
You hate my lifestyle
What can I do
There ain't no treatment, baby, that can heal my screaming ghoul
l

I'm on the road alone again
Right in the healing winds of change
I don't love you anymore
I'm surprised that I can breathe
After nursing all of your needs
I don't love you, but I don't hate you anymore

You brought me depression
You made me fucking bleed
You turned a normal guy into a raging jealous freak
Well now I'm moving
I leave this town
I hope to be your friend though what's been said and done

I'm on the road alone again...

You took my money
And wasted my time
What more do you want
My freaking life
