

Mine

Mustasch

I've been disowned
Yes I was alone
But I tell you now, baby, that's cool

I have reached the point
Where it's do or don't
And I know you have been there too
Get ready to go

I have learned a million times
That a race ain't run
Until the racing been done
I'm victorious, you better face down
Mine, the victory is Mine

There ain't nobody like me
Can't somebody just see
I'm ready to go

I have learned a million times...
