

My Disorder

Mustasch

Down, I was walking blind
Had no one around
I tried to reach my life supporter

Bad, this is all I have
I need a better brand
I try to reach my life supporter
Now I know I'm just but mortal

Burned by fire, drowned in water
Pull yourself through My Disorder

Now's the time to realize
I will never reach the sky
If you want to know what's down
Turn to me, I'll be your man

Why must I be blind
Save my mind
I try to reach my life supporter

Bad, This is all I have
I'm running out of time
I try to reach my life supporter
Pull yourself through My Disorder

Now's the time to realize...
