

Parasite

Mustasch

Hey baby, you're a Parasite
You need my blood to stay alive
Ain't gonna get it, that's just right

Look who's talking, the lord of lies
You are nothing but a Parasite
You're gonna get it, that's just right

Get back to mother and cry
You little Parasite

You hate to suffer but you want it all
You want to fly before you've learned to crawl
Ain't gonna get it, that's just right

Unpleasant flavour as you take a bite
The bitter truth, Parasite!
You're gonna get it, that's just right

Get back to mother and cry
You little Parasite
