

## Speed Metal

Mustasch

I could die for staying alive  
The sky is the limit for me  
High life is on my mind  
I want to stay in ecstasy  
I had a wonderful time  
I'm saved, I've seen the light

And I feel like I am healed  
Baptized in steel  
I am going to preach  
Speed Metal

It's here to stay forever  
The metal I inhale  
Music, it makes me strong  
And I will never ever fail  
Going to be what I got to be

And I feel like I am healed  
Baptized in steel  
I am going to preach  
Speed Metal
