## **The Dagger**

## Mustasch

There's no time to check the stars out I'm already on my way
If you're up to call me psycho
Or if you think I'm out to play

I use The Dagger

I'm a cold heart mother's son Thinking I'm the only one I'm a cold heart mother's son Trying to find my way home

If you'd like to be the hammer Well that seems to be okay
Now you met a real rambler
Who refuse to be the nail

I use The Dagger

I'm a cold heart mother's son Trying to find my way home I'm a cold heart mother's son And I'm certainly the only one
