

End

MxPx

It's that time again
It's that time again
The show has now come to an end
It's time to go home
Where are my friends
Cause it's that time
Yeah it's that time again

Let's jump into the car
And get it [?] on the road
Turn up your favorite songs on the radio
Stay out all night long
Cause no one wants to go home
No one wants to go home
No one wants to go home

It's that time again
It's that time again
The show has now come to an end
It's time to go home
Where are my friends
Cause it's that time
Yeah it's that time again

These are the memories
That we'll take to the grave
No one can deny or take them away
The only place to go
To get the music into your soul
And no one wants to go home
No one wants to go home

It's that time again
It's that time again
The show has now come to an end
It's time to go home
Where are my friends
Cause it's that time
Yeah it's that time again

The city lights illuminate
The sparkle in your eyes
I saw you on the street
And now I realize
If it wasn't for this band
If it wasn't for this show
We never would have met
We never would have had a go
We never would have had a go

It's that time again
It's that time again
The show has now come to an end
It's time to go home
Where are my friends
Cause it's that time
Yeah it's that time again

It's time to go home
Where are my friends
Cause it's that time
Yeah it's that time again

It's time to go home
Where are my friends
Cause it's that time
Yeah it's that time again
