

It's Undeniable

MxPx

It doesn't matter what you need just where you go to get it
It doesn't matter what you've done there's no need to regret it
If you're a loser just like me then life hasn't been easy
Maybe you were waiting for the wake up call
And when it came, your line was busy

I know it's happened to me. And it will happen again
If I don't slow down and listen (and listen)

It's undeniable; we're so much smaller than we think we are

The first step that I needed to take was giving God control
That's a struggle for me everyday, and I'm letting you all know
There's a willingness that comes alive
When you begin tearing down the walls
But the first step is so very hard if you take a first step at
all

I know it's happened to me. And it will happen again
If I don't slow down and listen (and listen)
If I don't sit down and listen (and listen)

When we've built up walls around us our hardened hearts can't b
ear
The healing hurts so badly that no one seems to care
And after all, and after all
