I don't understand what's going on in my life these days Everything upside down turned around Won't waste my life, no way And I don't know why I can't see clearly? I can't think 'cause it's too early So many doubts frequent my mind all the time Our lives in general are one in the same, But there's no variations Our lives in general are on in the same But there's no difference of opinion In my younger years, I used to be so free But I don't know what's happening to me We all know by now that time's the enemy It controls us, tells us where to be Don't know, don't care If you need me, I'll be right here
