

Move to Bremerton

MxPx

When I meet a special girl
She always lives somewhere else in the world
Don't wanna call her on the phone
I Wanna talk to her when I'm at home

Move to Bremerton - we'll hang out
Move to Bremerton - we'll go all out
Move to Bremerton - will you be mine?

I'll change the street signs you drive down
So you end up in my town
I'll re-draw the maps all one by one
So they all lead to Bremerton

Drop out of school and run away
Quit your job, you got a place to stay
Pack your bags and hitch a ride
Bremerton's a good place to reside

R: Move to Bremerton - we'll hang out
Move to Bremerton - we'll go all out
Move to Bremerton - will you be mine?
Move to Bremerton - we'll hang out
Move to Bremerton - we'll go all out
Move to Bremerton 'til the end of time

If you own brain and use it too
You gotta know I have a crush on you
I'm a sucker for a level-headed girl with a pretty smile
She gotz to have ideas, yeah, and she gotz to have style

Drop out of school and run away
Quit your job, you got a place to stay
Pack your bags and hitch a ride
Bremerton's a good place to reside
