

## One Way Window

MxPx

There's barriers in my  
mind that I think about  
all the time and I know  
there's no way past them  
I can never get away  
from the things that  
people say well I guess  
that's just part of it all  
my one way window  
where I can't hide my  
one way window where I  
can't see the other side
