

## Prove it to the World

MxPx

I can't hold back  
I can't relax  
I can't let go  
I can't say no  
Can't take the time  
Can't make you mine  
Can't know for sure  
Can't find the cure

And what does this all mean?  
And after all I've seen

I'm gonna prove it to the world  
I'm gonna prove it to the world  
I'm gonna prove it to the world  
So here I go

Can't ascertain  
I can't refrain  
I can't decline  
I won't fall behind  
I won't sit down  
I won't leave town  
I can't deny  
And I won't cry

And what does this all mean?  
And after all I've seen

I'm gonna prove it to the world  
I'm gonna prove it to the world  
I'm gonna prove it to the world  
So here I go  
Uh oh oh. . .
