

## So Kill Me

**MxPx**

Losing my mind  
You've lost yours long ago  
Wasting your time  
You want me to go  
So when you feel like killing me  
Just go ahead cause I'll be there for you  
Go ahead and try to understand me  
I'll try and understand you  
It's not hard to be demanding  
Cause this is all so new
