So many unanswered questions  
about those who hate so much  
Most of which are mislead  
most of which are untouched  
They resort to violence  
to forcefeed their fascist views

for no real reason on the news  
Is there ever a second thought  
that slips on through their mind  
That this is sick and wrong  
that this is so unkind  
No tolerance for ignorance
