

## Tomorrow's Another Day

MxPx

I don't want to let my life fly by  
Do you ever stop, stop to wonder why?

And time flies by  
When everything is ok  
It just turns out that life ain't that way  
Big decisions overwhelm me and I know  
nothing's free

When I don't think of, think about much  
People die and we don't know why  
I could use some understanding  
Human contact, sign that contract

I don't want to let my life fly by  
Did you ever stop to wonder why-ever stop to  
wonder, wonder why?

And time stands still when no one understands you  
When you don't quite understand yourself  
But just know this that God is faithful  
Even if you don't have faith yourself

There's nothing quite like being sure of  
What's inside your heart  
It's mostly simple but not so easy  
To know just where to start

Today didn't have to be this way  
Tomorrow is another day  
Another chance to make things right  
A chance to make sense of last night

A chance to fully live your life  
I don't want to, I don't want to, you don't want to
