

# Unopposed

**MxPx**

We're all walkin' down a dusty road I  
wouldn't care to bear the load I  
know my limits but you won't leave  
my alone it's a system unopposed  
for those of us who won't say no your  
time is your own now face the facts  
are real establishing lines always  
comes first many don't realize  
the pain they cause
