

All I Need

My Bloody Valentine

You don't ask what I need to do
When I come back you'll need to choose
Oh, whatever I ask you take, take, take, take
Oh, this is all I need to say

It's in your eye, I wondered why
No need to say how close can we lie
Oh, we don't talk, you know all I need
Oh, this is what I need to take

You don't ask what I need to do
When I come back you'll need to choose
Oh, all I ask you do, do, do, do
Ooh, this is all I need from you
