

In Another Way

My Bloody Valentine

Close enough to be alive
So it feels lost
Another way to settle down
I'll live forever
Another life

Deep inside you and I
Sit in the another side
Close tonight we'll inside
On the other way, the other side

Close enough to be alive
So it feels lost
Another way to settle down
I'll live forever
Another life

Deep inside you and I
Sit in the another side
Close tonight we'll inside
On the other way, the other sides
