

## In Another Way

My Bloody Valentine

Close enough to be alive  
So it feels lost  
Another way to settle down  
I'll live forever  
Another life

Deep inside you and I  
Sit in the another side  
Close tonight we'll inside  
On the other way, the other side

Close enough to be alive  
So it feels lost  
Another way to settle down  
I'll live forever  
Another life

Deep inside you and I  
Sit in the another side  
Close tonight we'll inside  
On the other way, the other sides
