

## Soft as Snow (But Warm Inside)

My Bloody Valentine

Soft as snow but warm inside  
Penetrate, you cannot hide  
Feeling lost forever  
Really need you  
Feeling dark and feeling true  
This is all I ever knew  
Soft as skin in leather  
And I whisper 'you'

Harder you come down on me  
Sink away, you look happily  
Secrets keep forever  
They're undressing me  
Come inside, it's warm in here  
Better now to have no fear  
Carried on a wave  
Where we lead you

Touch your head, then your hair  
Softer, softer everywhere  
Fingertips are burning  
Can I touch you there  
Soft as velvet, eyes can see  
Bring me close to ecstasy  
High away to heaven  
And I'm coming too

Float now coming down on me  
Handed you what I cannot see  
Feel the big happy  
You're exploding me  
Soft as snow and warm inside  
Penetrate, then redivide  
Slip away forever  
Do we need you
